

Series 295 Disposable Plastic Turbo Bayonet Mixer

The patented Series 295 Turbo™ Mixer is a disposable static mixer which ensures superior mixing performance and allows the operator to be closer to the work piece.

The Turbo (square) geometry consists of a series of alternating left- and right-hand elements with intermittent flow inverters. The flow inverters effectively channel the fluids from the walls into the center of the mixer and from the center to the walls.

Features

- About two third of the length of comparative spiral mixers
- Consistent high-quality mixing
- Cost Savings due to reduced adhesive waste
- Improved service life compared to competitive square mixers
- Bayonet detail fits on standard 50mL cartridges

Specification

- **Elements:** Polypropylene
- **Housing:** Polypropylene

Series 295 Turbo Bayonet Mixer

Part #	Mixing Elements	Element Width (inch/mm)	Housing Length (inch/cm)	Housing outlet	Housing Retained Volume (ml)
7701830 (295-620)	20	0.203 / 5.15	4.05 / 10.2	Slip Luer	1.4
7701832 (295-620BT)	20	0.203 / 5.15	3.63 / 9.2	Full Bore	1.4
7701836 (295-620LL)	20	0.203 / 5.15	4.05 / 10.2	Luer Lok	1.4
